Assignee:	Daniel Curtis	% Done:	100%
Category:	Errors	Estimated time:	0.50 hour
Target version:	Windows 8.1	Spent time:	0.50 hour
Description			
I encountered a problem while updating one of my Windows machines. When I went to run an update I received an error code 0x80070490 .			
After looking around a bit online, I found that I needed to run a System File Check.			
1. Open the a Command Prompt as Administrator			
2. Run the following:			
<pre>sfc /scannow</pre>
