<b>Target version:</b>	Arch Linux	<b>Spent time:</b>	0.50 hour

#### Description

This is a simple guide to setup NTP to synchronize time using network time servers over the Internet on Arch Linux.

#### Prepare the System

- Make sure the system is up to date:

```
pacman -Syu
```

#### Install NTP

- Install NTP:

```
pacman -S ntp
```

- Start and enable ntpdate at boot:

```
systemctl enable ntpdate.service  
systemctl start ntpdate.service
```
