Description

This is a guide for installing Newfies-Dialer on Debian 8.

Prepare the Environment

- Make sure the system is up to date:

```
sudo apt-get update && sudo apt-get upgrade
```

Install Newfies-Dialer

- Download the installer script from GitHub:

```
wget --no-check-certificate https://raw.githubusercontent.com/newfies-dialer/newfies-dialer/master/install/install-all.sh -O install-all.sh
```

- Run the installer:

```
sudo bash install-all.sh
```

- Open <http://dialer.example.com:8008> in a web browser.
